Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Mr. Baker discussed the invention and the main points of the invention. He further discussed Claim 10 and how it differs from the cited references, Lewis and Weeks. Examiners then pointed out indefinite recitation in claim 10. He proposed in amending the claim to overcome the indefiniteness and to further distinguish ticket printing from the processing of the product sales data. He further proposed in invoking 112, sixth paragraph, which the Examiner believes will overcome the references.
